

PHARMA, MEDTECH, BIOTECH in the Centre-Loire Valley region

- › At the heart of Europe's leading cluster
- › 53% of medicines produced in France

LEADERS WHO MAKE REGULAR INVESTMENTS

- › SERVIER
- › SANOFI
- › MERCK
- › NOVONORDISK
- › RECI PHARM
- › DELPHARM
- › PIERRE FABRE
- › IPSEN
- › LEO PHARMA
- › CHIESI
- › AXYNTIS
- › B BRAUN
- › GETINGE
- › VERMON

THRIVING ECOSYSTEMS

- › Polepharma: 1st cluster in Europe (300 members)
- › Atlanpôle Biothérapies: cluster
- › Mabdesign: network of biopharmaceutical stakeholders
- › Canceropôle Grand Ouest
- › University hospitals with clinical investigation centre
- › Medical devices club

Activities: networking, international exhibitions, monitoring, research, collaborative research projects

**10,000
STUDENTS**

**60 LABORATORIES,
PUBLIC & PRIVATE ALIKE**

**THE SECTOR'S ECONOMY
13,172 JOBS**

**107
INDUSTRIAL
ESTABLISHMENTS**

**€3.7BN
REVENUE
FROM EXPORT**

AREAS OF EXCELLENCE

- › Antibodies and immunotherapies
- › Biopharmaceuticals/bioproduction
- › Organic and bioorganic chemical synthesis
- › Radiopharmaceuticals/imaging
- › Animal health, infectious diseases

This operation is co-financed by the European Union. Europe is investing in the Centre-Val de Loire Region with the European Regional Development Fund.

A THRIVING REGION RIPE FOR INVESTMENT

END-TO-END VALUE CHAIN

Human and animal health (one health) / research / pre-clinical-clinical / production / production equipment and services / medical devices, logistics / e-health

FAST-GROWING STARTUPS

- › A whole host of opportunities for partnerships with fast-growing startups
- › Flagship areas: e.g. AI, antibodies, diagnostics, bioproduction, cardiac devices and e-health

HOSTING AND SUPPORT FACILITIES

- › BIO³ institute (GMP-like mini bioproduction plant)
- › 3 laboratories of national excellence (LABEX) with an array of technical platforms, including MAB IMPROVE, SYNORG, IRON
- › Specific regional funding of collaborative projects, regional investment fund
- › Health Tech Station (2022) – 5,000 sq.m. dedicated to incubator and accelerator programmes for biotech/medtech startups – associated investment funds.

A SECOND-TO-NONE HUMAN RESOURCES ECOSYSTEM

- › 2 universities, offering courses ranging right the way from 2 years' higher education to PhDs: biology, chemistry, biotech and more 10,000 students
- › IMT, #1 national vocational training provider (pharma, biotech)
- › A draw for new talent just 1 hour from Paris
